1.

• your balance.

Conclusion: No, you will not have enough balance. You are short by ₹197 (₹2197 - ₹2000)."

Task 4: Chain-of-Thought Travel Planning Prompt

Chain-of-Thought Prompt:

"Create a detailed one-day itinerary for a trip to Ahmedabad. Think step-by-step to optimize travel times geographically, covering iconic food spots, heritage travel, and evening entertainment. Explain the reasoning behind your sequencing from morning to night."

AI Response:

"To plan an ideal day in Ahmedabad, we should structure it chronologically to minimize cross-city travel and beat the afternoon heat. Here is the step-by-step plan:

• Step 1: Morning Heritage & Breakfast (8:00 AM - 11:30 AM)

• Activity: Visit the Sabarmati Ashram early to experience its peaceful atmosphere before it gets hot.

• Food: Head to nearby Old City for an authentic heritage breakfast of Jalebi and Fafda at Chandravilas.

• Reasoning: Starting in the north/central area allows an easy transition into the historic core of the city.

• Step 2: Afternoon Indoor Culture (12:00 PM - 3:30 PM)

• Activity: Explore the air-conditioned galleries of the Calico Museum of Textiles or the stunning architecture of Adalaj Stepwell (slightly outskirts but shaded).

• Food: Enjoy a grand, traditional lunch Thali at Agashiye (The House of MG) or Gordhan Thal.

• Reasoning: Keeping major activities indoors or heavily shaded protects you from the peak afternoon sun.

• Step 3: Evening Sunset & Entertainment (4:30 PM - 7:30 PM)

• Activity: Head down to the Sabarmati Riverfront or Kankaria Lake for a breezy evening stroll, speedboating, and a ride on the tethered balloon.

• Reasoning: These open spaces come alive in the evening as the temperature drops, making it perfect for casual entertainment.

• Step 4: Night Street Food (8:00 PM onwards)

• Food: Conclude the day at Manek Chowk, which transforms into a bustling night food market serving crazy street eats like Gwalior Dosa and Ice Cream Sandwiches.

• Reasoning: Manek Chowk only opens late at night, making it the perfect final culinary destination."

Task 5: Refactored Short Zomato Prompt

Refactored Prompt:

"Act as a casual food reviewer writing an Instagram caption. Review the new restaurant 'Ghar Nu Swad' in one quick punchy sentence. Constraint: The entire response must be under 20 words."

Sample AI Response:

"Insane Gujarati Thali at Ghar Nu Swad! Pillowy soft dhoklas and killer basundi. Absolute 5/5 stars!
